Jim:

I only need to know which vehicles you have in your possession. We are not looking for the vehicles to be returned. If you need additional vehicles, or if you complete testing in near future please let me know.

Any questions, or needs - do not hesitate to call.

Mike

Phone: 248 754 4202.

Thanks Jim -

No worries. Figured some of them are no longer relevant. ARB needs the space for the 3.0L's.
- Rob

I can tally them up but I don't think we are ready to give any of them up yet .

Hi Jim-

I had Mike contact Joel Dalton to determine what vehicles you had in your possession. Joel said that you were likely the best contact. Could you advise what vehicles you have and if you need them any longer? We will likely arrange to have them transported back to the lab in Oxnard.

Thank you-
Rob

Mike,

Attached is a list of VW-Audi vehicles at ARB. I do want to work with VW to start taking some of the vehicles back because I really could use the room here at ARB. I got 10 vehicles in-house and can release about 6 or 7 now. Please let me know when this can be arranged.

Thanks,

Tom

Tom:

I was assigned to keep track of diesel vehicles currently at the agencies. Can you please give me a update on what vehicles are currently at El Monte - both 2.0L and 3.0L. Please give model year / vehicle type and what engine size - if possible, VIN number.

Please let me know if you can provide this information.
